

ELECTION CALLED ELEGANT LUNCHEON

Election Ordinance Adopted by Convention Itself Provides for Holding It August 6.

Guthrie, O. T., June 8.—The discovery is made that the official copy of the election ordinance, just printed, actually calls an election for constitution and state officers for August 6.

It says referring to the enabling act: "And by virtue thereof an election is hereby called and shall be held on the sixth day of August in the year of Our Lord one thousand nine hundred and seven in all voting precincts of said proposed state."

The ordinance provides that it shall be the duty of the governor to issue his proclamation, giving public notice, for a period of sixty days in some paper of general circulation, and if he fails President Murray or Secretary John Young is to do so. Such notice is now being printed each afternoon in the South McAlester Capital.

Eastern Star Elects New Officers
Purity Chapter number twenty of the Eastern Star held a meeting in the lodge rooms and elected the following officers:

Mr. C. H. Riedman, worthy master; C. H. Riedman, patron; Mrs. J. W. Craig, associate patron; August Schelcker, secretary; Mrs. R. M. Swain, treasurer; Mrs. S. J. Burns, conductress; Mrs. Wm. Meeks, associate conductress.

MAKING A GOOD LAWN.
The Soil Must Be Moist and Contain a Considerable Percentage of Clay.

The department of agriculture has to press a number of farmers' bulletins which should appeal to the farmer. One of these, which will be Farmers' Bulletin, No. 248, is written by L. C. Corbett, the horticulturist in charge of the Arlington experiment station, on "The Lawn." Mr. Corbett contends that the lawn is a symbol of the inner soul of the householder, showing an appreciation of beautiful home surroundings. A lawn is the accomplishment of every effort on the part of man to beautify the surroundings of his abiding place. The great increase of interest in matters pertaining to the making and maintenance of lawns, suburban railroads, the extension of electric lines into the country and the return of man to natural ways of living are all features contributing to the growing interest in matters pertaining to lawn making.

Mr. Corbett believes that a lawn should be beautiful and at the same time useful. Its beauty depends on the contour of the land, the color and texture of the grass, and the uniformity of the turf. The use of the lawn is to provide a suitable setting for architectural adornment and landscape painting.

The ideal soil for grasses best suited for lawn making is one which is moist and contains a considerable percentage of clay. A strong clayey loam or a sandy loam underlaid with a clay soil is undoubtedly the nearest approach to an ideal soil for a lawn. Since the lawn is a prominent feature it is hardly possible to make the soil for the lawn too rich. Stable manure piled and rotted and which is as free as possible from detrimental weed seeds is undoubtedly the best material to use in producing the desired fertility of the soil. After a lawn has been established and it has gone into winter quarters, it is well to give the young grass a mulch of well decomposed stable manure which shall not be heavy enough to disfigure or mar the lawn, but should be so fine and well decomposed that it will be carried beneath the surface of the grass by the rains and snows of winter, leaving very little rough or unsightly matter to be raked off in the spring—Prairie Farmer.

Cured Hemorrhages of the Lungs
"Several years since my lungs were so badly affected that I had many hemorrhages," writes A. M. Ake, of Wood, Ind. "I took treatment with several physicians without any benefit. I then started to take Foley's Honey and Tar, and my lungs are now as sound as a bell. I recommend it in advanced stages of lung trouble." Foley's Honey and Tar stops the cough and heals the lungs, and prevents serious results from a cold. Be sure you get the real one. For sale by all druggists.

Judge L. F. Parker Jr. and John Wise narrowly escaped, what might have been a serious accident at the auditorium building Saturday afternoon. The two were standing looking over the building, when a brick fell from the top narrowly missing Judge Parker's head and struck Wise on the foot inflicting a painful cut wound.

There Are Few
people who know how to take care of themselves—the majority do not. The liver is a most important organ in the body. Herbs will keep it in condition. V. C. Simpkins, Albia, Texas, writes: "I have used Herbs for chills and fever and find it the best medicine I ever used. I would not be without it. It is as good for children as it is for grown people, and I recommend it. It is fine for jaundice." Sold by People's Drug Store.

Mesdames Butler and Bonfoey Entertain in honor of Miss Louise Hall

Friday, June 7
What was undoubtedly one of the most delightful social events of the spring was the one o'clock luncheon given yesterday afternoon by Mrs. P. W. Bonfoey and Mrs. J. H. Butler at the home of Mrs. Bonfoey in honor of Miss Louise Hall who is to become a bride on June 12. That the house was beautifully decorated is putting it very mild. The color scheme throughout was red. Everywhere were red carnations and roses.

The dining room in which the delicious luncheon was served was wonderfully pretty. The table especially was very attractive. The luncheon was served as follows:

First course, grape food. Second Bouillon. Third, salmon croquettes surrounded with French peas. Fourth, fried chicken, new cream potatoes, strawberry ice, apple jelly in paper napkins, hot rolls. Fifth tomato and cucumber salad. Seventh, ice cream in the shape of white doves, individual cakes heart shaped.

Beautiful red compotes all over the table contained delicious hot buns and added greatly to the attractiveness of the table. At each place was a very pretty red box with two hearts pierced by an arrow and filled with hot buns. There were fifteen guests and each enjoyed the luncheon to the fullest extent.

Don't!
Don't let your child suffer with that cough when you can cure it with Ballard's Horehound Syrup, a sure cure for coughs, bronchitis, influenza, croup and pulmonary diseases. Buy a bottle and try it. H. B. Laughter, Hyattsville, Md., writes: "I have two children who had croup. I tried many different remedies, but I must say your Horehound Syrup is the best, croup and cough remedied I ever used." Sold by People's Drug Store.

Sunny Slope Herd Duroc Jerseys

Sunny Slope Duroc Jersey Hogs: the best blood in the breed. 100 spring Pigs from 3 different litters, the blood that has been a prize winner for years. Pigs by Joe, 1st in class at world's fair.
